

CHILD PROTECTION POLICY

At Apartments Cirus, we believe that none of the children or adolescents should experience any form of violence (physical, mental or sexual), neglect or exploitation. In accordance with the United Nations Convention on the Rights of the Child, we are committed to respecting and protecting all children and young people under the age of 18 living in our building, as well as all those who work or live in our surroundings, and ensuring that they are protected from all forms of abuse, exploitation and neglect.

We believe that:

- The well-being of children and adolescents is paramount,
- all children and adolescents under the age of 18 have the right to equal protection against abuse, neglect or exploitation, regardless of their age, disability, gender, race, religion or sexual orientation,
- working with local child protection organizations, charities and law enforcement will ensure that our actions are effective and strong.

ACTIONS

We will protect children and adolescents with the following actions:

- We will promote our child protection policy to our suppliers and business partners as well as our guests, so that they too will support our commitments,
- we will appreciate, listen to and respect children,
- we will educate our staff about this policy and the child protection process so that they, too, pay attention to signs of possible abuse, exploitation or neglect of children, and know what to do to protect children they suspect are at risk,
- we will share our concerns about vulnerable children and adolescents with local security organizations and law enforcement agencies in order to work for their benefit.
